

ACROLINK

99.99999% Cu Stressfree Power Cable

7N-P4020III

Stressfree Cable 7N-P4020III 99.99999% Cu ACROLINK <PS>E JET DAIYU DE

Features

- ★ Worlds only true high purity Stressfree CFC (99.99999%)
- ★ Inner sleeve hybrid high molecule polyolefin + Tungsten powder + amorphous powder for vibration control effect.
- ★ Microwave absorbing thread at the center of three conductors.
- ★ Copper foil between inner sleeve and outer sleeve for shielding effect.
- ★ Suitable for pure audio and home

Conductor:	7N Cu Stressfree x 2 (0.26 ϕ x 37strands) 4N Cu Stressfree for ground (0.26 ϕ x 37strands) Conductors are insulated by high molecule polyolefin
Inner sleeve:	High molecule polyolefin + Tungsten powder + amorphous powder
Outer sleeve:	High molecule polyolefin
Cable diameter:	10.6mm
Conductor resistance:	75m Ω /m
Electrostatic capacitance:	44pF/m
★50m on spool
